## Projects

**AARNA NEER-Water Selling System** / *ReactJS, ExpressJS , NodeJS*                    **November 2024**

- Designed an online platform for water selling with city-based availability, cart management, and order processing.
- Implemented backend functionality using Express.js and optimized database queries for efficient order management.
- Integrated a secure payment gateway to facilitate seamless transactions.
- Developed a user-friendly interface to enhance customer engagement and ease of use.
- GitHub Repository Link: github.com/AnshikPatel/Aarna_neer

**OLD AGE HOME** |*Bootstrap, PHP*                    **November 2024**

- Built a management system for old-age homes with features like expense tracking, user management, and report generation.
- Developed backend functionality using PHP to handle data storage and retrieval efficiently.
- Created an easy-to-use dashboard for admins to monitor expenses and resident details.
- GitHub Repository Link: github.com/AnshikPatel/OLD-AGE-HOME-MANAGEMENT-SYSTEM

**Weather Music Player** / *NodeJS, API*                    **April 2024**

- Developed a weather-based music player platform that fetches live weather data and dynamically updates music playlists.
- Implemented API integration to enhance user experience with real-time weather-based recommendations.
- Designed an intuitive UI for smooth navigation and improved accessibility.
- Optimized performance by reducing API response time and ensuring seamless data fetching.
- GitHub Repository Link: github.com/AnshikPatel/WEATHER_MUSIC_PLAYER

## Certificates

**Building Web Applications in PHP**                    November 2024
*Coursera —*coursera.org/verify/M158X75UEIO6

**Fundamentals in Kotlin**                    November 2024
*Coursera —*coursera.org/verify/HFL5CIIHGIWU

**Programming in C++: A Hands-on Introduction**                    December 2024
*Coursera  —*coursera.org/verify/specialization/5SEMGKRBS6LE

## Technical Skills

**Languages:** C++, Java, JavaScript, Kotlin

**Technologies/Frameworks**: React JS, Node JS, Git, GitHub, Express JS

**Databases**: MySQL, MongoDB

**Skills**: Data Structures and Algorithms, Problem-Solving, Responsive Web Design

## Education

**Lovely Professional University Punjab**                    **August 2022 – Present**
*Computer Science and Engineering — CGPA: 7.43*                    *Jalandhar, Punjab*

**Lucknow Public School**                    **2018 – 2019**
*12th with Science — Percentage: 73.80%*                    *Lucknow, Uttar Pradesh*

**SJS Public School**                    **2016 – 2017**
*10th with Science — Percentage: 72.8%*                    *Lucknow, Uttar Pradesh*
